***ENTREPRENEUR MAGAZINE* SALUTES FOUR POINTS
TECHNOLOGY AS NUMBER 1 ON HOT 500 LIST**

**Service-Disabled Veteran Owned Small Business Performance
Shows Good Guys Can, and Do, Win**

HERNDON, VA, August 7, 2007– Four Points Technology, LLC, a technology solutions service-disabled veteran owned small business (SDVOSB) specializing in the public sector market, today announced that it was recognized by *Entrepreneur Magazine* as the third fastest growing technology small business in America and the 14th fastest growing small business in America. In addition, *Entrepreneur Magazine* recognized Four Points Technology as the fastest growing SDVOSB in America.

Fulfilling and surpassing *Entrepreneur Magazine’s* requirement for revenue growth, Four Points Technology grew its revenue by 8,316 percent between 2002 and 2006 – generating \$24.2 million in 2006 sales.

Published in the August edition, *Entrepreneur Magazine’s* Hot 500 List highlights the best of the best in the small business entrepreneurial arena. The Hot 500 List evaluated 95,000 small businesses across America and recognizes companies that achieve significant job and sales growth, while continuing to operate within “small business” parameters. In order to qualify for *Entrepreneur Magazine’s* Hot 500 List, businesses must have been founded

between 1998 and 2002 as well as have revenue between \$100,000 in 2002 and \$1 billion in 2006. In addition, the company founder must still be an active member of the organization.

“As a service-disabled veteran and a businessman, I am proud of Four Points Technology’s success in the past four years,” said David Gilchrist, president, Four Points Technology. “We recognize that customer satisfaction is job number one and we look forward to listening to our government customers’ requirements and to delivering compelling and innovative IT solutions to support their mission success.”

About Four Points Technology, LLC

Four Points Technology is a technology solutions service-disabled veteran owned small business located in Herndon, Virginia. Founded in 2002, Four Points Technology is dedicated to providing IT products including hardware, software, and peripherals, as well as integrated services including information technology, professional, and administrative aid for its Federal government clients. By cultivating firm vendor, supplier, and partner relationships, Four Points provides all-inclusive, custom-tailored solutions with world-class customer service to solve a diverse set of IT challenges.
