WHY USE FOUR POINTS TECHNOLOGY?

Four Points Technology is a SBA-certified Service Disabled Veteran Owned Small Business (SDVOSB) Value Added Reseller delivering technology solutions to our Government customers around the world. We partner with top manufacturers and software companies to provide our customers with leading edge information technology solutions.

As a Federally-focused prime contractor, Four Points Technology offers a strong contract portfolio that includes Government-wide contracts such as GSA Schedule 70 and SEWP V as well as multiple agency-specific IDIQs and BPAs. Our disciplined approach to the management of product delivery and ancillary services provides access to the latest technology in an environment that supports rapid implementation, clear productivity gains, and short ROIs.

Four Points Technology supports a range of IT products and services from hundreds of suppliers. As an ITVAR, Four Points Technology aims to help our customers maximize their resources and build effective and efficient technology solutions, such as:

- *Cloud Capacity:* support for all major Cloud Service Providers (CSPs)
- *Data Center Infrastructure:* consolidation, virtualization, and cloud migration.
- *Mobility:* equipment, enabling software, and support services.
- *Security:* end-to-end solutions providing prevention, detection, remediation, and governance.
- *Rugged Tactical Solutions* (Tracewell System)
- *DEVSECOPS:* providing a comprehensive portfolio of enterprise grade software solutions.

Four Points Technology offers our customers and vendor partners dedicated contract management, strong program management, and a Federally-focused sales and business development team that specializes in delivering leading edge technical solutions for real-world Government initiatives.
